Portfolio description

Performer is a moderate-to-high risk balanced portfolio and targets CPI inflation beating returns over the long term. The portfolio adopts Living*Investing as a philosophy, which entails a risk-based forward-thinking investment approach, with the aim to achieve client outcomes with a greater degree of certainty. The asset allocation is dynamic to allow the portfolio to participate on the upside and to protect on the downside in falling markets which means accumulating from a higher base, thus adding value in the long term. The portfolio blends diversified strategies including alternatives, both locally and offshore, to capture different sources of returns.
